Subject: Electric System Model table
[Electric System Model Types 20150915_340PM.xlsx](#)
[Electric System Model Types 20150915_PM.xlsx](#)

Hi Robyn,

I'm attaching our revised draft of the electric system model types. We've been hammering at language to try to make this both applicable and acceptable. There are two different versions here – the “340pm” version breaks out individual strengths and weaknesses as line items. It might be a bit easier to read, but the double negatives on the weaknesses might be a bit odd.

Thoughts welcome

-Jeremy
